About the Course.....

This six-hour course is didactic in nature. It consists of PowerPoint lectures, handouts, and allows for interaction between instructors and attendees.

Upon completion of the monitoring course itself, the participant should understand the following:

- The history of N₂O-O₂ inhalation sedation;
- Rationale, philosophy, and psychology of N₂O-O₂ inhalation sedation;
- Definitions and descriptions of physiological and psychological aspects of anxiety and pain;
- Description of the stages of anesthesia, drug-induced central nervous system depression through all levels of consciousness and unconsciousness, with special emphasis on the distinction between the conscious and the unconscious state;
- Anatomy and physiology of respiration;
- Pharmacology and physiology of N₂O-O₂ sedation;
- Objective and subjective signs of N₂O-O₂ sedation;
- Indications and contraindications of N₂O-O₂ sedation;
- Recognition, prevention, and/or management of complications related to nitrous oxide sedation;
- Taking and reviewing a thorough health history;
- Management of patient during and after sedation to ensure complete recovery and prevent complications;
- Description and use of N₂O-O₂ equipment;
- Health hazards associated with chronic exposure or abuse of nitrous oxide;
- Recommended techniques for reducing occupational exposure to nitrous oxide;
- Discussion of sexual phenomena and hallucinatory effects reported with nitrous oxide;
- Legal consideration of nitrous oxide use.

General Information.....

Registration and Tuition:

Only licensed dental assistants (and students of IECCDC's RDA training program) will be permitted to attend this course. The course will be limited to the first 50 paid eligible participants. The fee for currently licensed assistants is **\$195** on or before Thursday, September 26, 2019.

Individuals registering after this date will be assessed an additional \$25.

Please return the enclosed registration form with payment **today** as this course is quickly filled. The registration fee includes a continental breakfast, lunch, and all course materials.

Cancellation Policy:

An 80% refund will be given to those who cancel on or before 4 pm on Thursday, September 26, 2019. **NO** refunds will be made after this date.

Certification Course:

This certification course in monitoring nitrous oxide inhalation analgesia has been approved by the Tennessee Board of Dentistry.

Primary Instructor:

Rhonda Switzer-Nadasdi, DMD

Directions to the clinic:

Interfaith has a new Nashville home – on Hill Avenue (just across from the Lane Motor Museum on Murfreesboro Rd)! Organizers will send out details about directions and the new space to participants as the course date approaches. We can't wait to show you around!
